

LEVEL THE PLAYING FIELD

NO STUDENT LEFT BEHIND DURING COVID-19

No child should have to compromise on their education. Since 'lockdown' began, a number of studies have explored the impact of the unprecedented Covid-19 crisis on the lives of our young people. What have they found? A significant percentage of students across Leicestershire who are falling behind due to limited access to digital devices for home learning.

In the Lionheart Academies Trust, we believe that every child has an equal right to an equal education, regardless of their socioeconomic background. This is why we've committed to fundraising enough money to supply 1500 Chromebooks to some of the most disadvantaged students.

To do this, we need your help. Our communities have always played an integral part in shaping the lives of our young people, and now we need your help in shaping their future too.

FUNDRAISING PACKAGE

If you choose to support our campaign, and sponsor Chromebooks (£225 per device) for some of the most disadvantaged students in Leicestershire, we can offer you the following opportunities -

- Your company name and logo on our website, accompanied by a 100 word profile detailing your contribution
- Your company name and logo in our newsletter (8000 home reach)
- 2 x social media posts mentioning your company on Trust-wide social media accounts (8000 follower reach)
- A 'Thank You' certificate to your company from the Lionheart Academies Trust Executive Team.

Alternatively you may choose to pledge your support, and sponsor further down the line. If this is the case we'll show our appreciation to your company with one post on social media. Once we receive your donation, you'll benefit from all tiers listed above.
